Title: HIGH EFFICIENCY RF POWER AMPLIFIER

STATEMENT AS TO SUBSTANCE OF INTERVIEW

A telephone interview with Examiner Henry Choe and Applicant's representative, John C. Scott, was conducted on January 7, 2005. The interview was initiated by the Examiner. This statement is being submitted because the Examiner has not indicated on an "Examiner Initiated Interview Summary" form (PTOL-413B) that the Examiner will provide the written summary (MPEP Section 713.04). During the interview, the Examiner indicated that prosecution would be expedited and the case would be allowed if claims 17-22 were canceled as these claims involve a different field of search from the others. Applicant's representative agreed to an Examiner's amendment canceling claims 17-22 to expedite prosecution. No prior art was discussed with respect to the patentability of the subject matter of claims 17-22.

Respectfully submitted,

STEWART S. TAYLOR
